

The red line follows test route.

Begin route east of Montrose St. , go north to 191st, go west to Waverly @ light turn north. At first street on left (187 or 189) turn left then follow to Kill Creek south. Along Kill Creek is where an emergency stop is simulated. Follow road to 191 st to go west. Turn Left on Homestead to light at 199 St., go left to Gardner RD. at a stop sign. Make a left on Gardner RD. and go to I 35 Southbound. Exit I 35 Southbound at Homestead & head north to 191 St. to turn right Go east to Montrose St. to turn right.

To avoid DMV office by going South on Montrose St. follow around to Waverly Rd.. At 191 St. turn left to Homestead. Waverly north of RxR to Hwy 56 is not a designated truck route.

If one wanted to, the test route could be started off Gardner Rd. after entering City of Gardner eastbound on Hwy 56 then going south at light on Center Rd. to I 35 South. I don't think 191 St. is a truck route @ Gardner Rd.
