## **Introduction to Welding Intermediate Welding Advanced Welding**

To enroll, or for more information, call 785-856-1801 or visit our website [peasleetech.org](http://peasleetech.org) and click on **PEASLEE PROGRAMS.** This program is approved by the **Kansas Board of Regents**

We offer 3 courses of welding: Introduction to Welding, Intermediate Welding, and Advanced Welding.

The purpose of Intro to Welding is Instruction using layout tools with demonstration and guided practices using some of the following welding processes: shield metal arc welding (SMAW), gas metal arc welding (GMAW), Gas tungsten arc welding (GTAW), along with layout, cutting and grinding or any other approved welding process. Cutting practice will be covered, by using a portable cutter and tract torch.

The purpose of the Intermediate Welding course is to build on the skills learned from the Introductory level by adding horizontal (2G) and vertical (3G) welding positions to electric arc and gas welding.

The purpose of the Advanced Welding is Out of position Welding, mainly 4G. It will have the 3 major welding process: SMAW, GMAW, GTAW, also welding non-ferrous metals

Program Cost is \$1,260 financial assistance is available.
